

Description of JMSA Community Outreach Program (JCOP):

The Japanese Medical Society of America (JMSA) was established in 2007. At that time, JMSA recognized that there were many Japanese community support groups that provide vital medical, psychological and social support to the Japanese community but were challenged to find funds to support their programs. The JCOP program is seeking to support community groups for which the JCOP grant would be vital to carrying out their programs and mission.

The JCOP program is possible due to the generous donations from corporations as well as individual donors.

The organization must be an NPO to qualify for a JCOP grant.

**Deadline for submission: Sunday October 30, 2022**

The organizations awarded a 2022 JCOP grant will be responsible to provide:

1. A 6-month progress report detailing the progress of your organization, due June 1, 2023
2. At least 2 photos of the activities of your organization by June 1, 2023
3. A detailed breakdown of use of JCOP funds, due June 1, 2023

\*A delay in submission of the requirements outlined above will negatively impact the organizations chances for receiving future JCOP grants.

Application deadline is Sunday October 30, 2022

**Please e-mail all completed applications to: [jcop@jmsa.org](mailto:jcop@jmsa.org)**

Applications received after midnight of the deadline will not be accepted.

Any questions, contact Mr. Yoshio Kano, JMSA Executive Secretary:
