

# JMSA Community Outreach Program Grant Application 2023

August 1<sup>st</sup>, 2023

Dear Sirs and Madams,

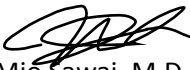

The Japanese Medical Society of America (JMSA) is now receiving the applications for our Community Outreach Program (JCOP) grant 2023. Thanks to our generous donors, we started this program in 2007 to better serve the community of the Japanese and Japanese American lives in the U.S..

If your organization **provides medical, mental, or social support** to our Japanese and Japanese American community, we encourage you to apply for a grant, across the United States. If you are interested, please follow the attached application form in this letter, complete, and send them with all required documents to the email address below [jcop@jmsa.org](mailto:jcop@jmsa.org). Should you have any questions, please do not hesitate to contact us.

Please note that **the organization must be an NPO** to qualify for a JCOP grant.

Preference will be granted to organizations that request project specific funding vs. general funding. For organizations that request general funding, evidence must be provided that JCOP funding is essential for the organization to function. Thank you for your leadership on serving the community. We look forward to hearing from you.

Sincerely,

Mio Sawai, M.D.

## Important Dates:

Deadline for submission of grant application: **October 31<sup>st</sup>, 2023**

The organizations awarded a 2023 JCOP grant will be responsible to provide below by **June 30<sup>th</sup>, 2024**:

1. A 6-month progress report detailing the progress of your organization
2. At least 2 photos of the activities of your organization
3. A detailed breakdown of use of JCOP funds

\*A delay in submission of the requirements outlined above will negatively impact the organizations chances for receiving future JCOP grants.
